

Did You Know?

- About 1 person in 10 with Down Syndrome, Williams Syndrome or Turner Syndrome will also have Celiac Disease.
- The overlap is even higher for persons with Crohn's Disease.
- Some persons with autism improve when on a Gluten-free diet.

The Denver Metro Celiac Sprue Association will be hosting its **Incredible, Edible Gluten Free Food Fair** on Saturday, June 13th.

Developmental Pathways is proud to make this information available to our clients and their families. If you are interested, please see the flyer on the following page.

THE INCREDIBLE, EDIBLE GLUTEN-FREE FOOD FAIR!

Come one, come all, to the Denver Metro CSA Food Fair. Local and national vendors will be on hand to tempt you with delicious cakes, cookies, breads, gluten-free flour mixes and product samples. Area restaurants will sell items from their gluten-free menus. Merchants are providing door prizes and give away items.
